We are looking for:

Apprenticeship IT Specialist Application Development (m/f/d)

abosco GmbH is an internationally active software company based near Freiburg, Germany, specializing in the development of JIS and Industry 4.0 applications. We offer future-oriented software solutions in the field of high-performance logistics, especially in the automotive industry. Core competencies are mainly the development of JIT/JIS solutions and technically innovative e-business applications with JAVA, XML.

The cornerstone of our success - we are a well-coordinated and agile team. With many years of experience, initiative and know-how, we make every project of our customers fly!

To start training in October 2023, we are looking for:

Apprenticeship IT Specialist Application Development (m/f/d)*

You will learn with us:

- Methods and procedures of agile software development
- Methods for project planning, implementation and control
- Programming languages and developer tools
- Development and programming of standard software
- Testing and documentation of the created applications
- Development of web applications and user interfaces
- Customer support and user training

Your profile:

- Fach/-Abitur or mittlere Reife, dropouts are also welcome.
- Enthusiasm for computer science, programming and new technologies
- first experience with programming languages and databases is an advantage
- very good analytical skills, careful way of working
- team spirit, strong communication skills and perseverance
- English skills are a plus

Are you looking for a training company where you will get to know all facets of software development, be part of the team from the very beginning and work together with experienced developers? And after completing your training, you will be taken on as a permanent employee? Further benefits are listed on our homepage.

Do you have any questions? Would you like to know more? We are looking forward to your inquiry. Please send your application with details of your possible starting date by e-mail to personal@abosco.com or visit our homepage www.abosco.com/karriere.
